PUBLIC ANNOUNCEMENT

Hello, everyone:

We at Transitions, like everyone, are watching day-by-day, minute-by-minute, the progression of the Coronavirus. We want to assure you that throughout this ordeal, we will remain committed to ensuring that those we serve are safe, and that we will do our very best to continue to provide the services and support they need. We also are committed to ensuring that our amazing, dedicated team of practitioners are safe. To that end, we have taken precautions, guided by the latest recommendations and requirements established by the various national, state and local authorities, which are designed to guide us through this ordeal until the virus is controlled and we can begin to return to some sense of normalcy.

Our staff members are still providing services, but in order to protect all involved to the best of our ability, we are providing most services via phone and screen. We also have eliminated all situations and services that previously would have required meeting in large groups. Finally, we have taken extra steps to ensure that our facilities are properly sanitized.

If you, or someone you know, is needing services or have any questions, please call 309-283-1228.

To our entire community – *we are with you and are committed to continuing serving you.*

We wish all of you and your families good health.

Gary Weinstein
CEO, Transitions Mental Health Services

Our Mission:

Transitions Mental Health Services improves the health and wellbeing of individuals with mental health challenges, their families and the community, through services, education and advocacy.
